

Ladies and gentlemen,
Artromedical not only treats patients, but is close to people we help. This is why we willingly support children from orphanages and young sportsmen.
In the photos you'll find pictures taken at meetings we took part in.
There we've also published letters from children we'd helped. We'd like to ensure the kids that we won't forget about them.

Konrad Malinowski's Artromedical – Arthroscopy and Joint Reconstruction Surgery Center

CLOSE TO PEOPLE
